

Task Management System – Process Flow Document

1. Overview

The Task Management System is designed to assign, track, update, and report tasks within an organization. It provides role-based dashboards for Employees and Assigners (Admins) to monitor progress and performance.

Web and Mobile Application for task assignment and updation.

2. Key Roles

A. Assigner (Admin)

- Assign tasks to employees
- Monitor task progress
- View employee performance reports

B. Employee

- View assigned tasks
- Update task status
- Provide expected completion date and delay reasons

3. Main Functional Modules

1. Task Assignment
2. Status Update
3. Reporting & Dashboards

4. Process Flow – Task Assignment

Step 1: Login (Assigner)

Step 2: Create New Task

Assigner clicks on "Assign New Task" from the dashboard.

Step 3: Enter Task Details

- Task Description (Text)
- Assignment Date (Auto – Current Date & Time)
- Target Completion Date
- Priority (High / Medium / Low)
- Reference Task ID (Auto Generated or Manual)

- Assigned To (Select Employee)

Step 4: Save Task

5. Process Flow – Employee Task Handling

Step 1: Login (Employee)

Employee logs into their dashboard.

Step 2: View Task List

Employee sees list of assigned tasks with:

- S. No
- Assigned By
- Assign Date
- Task Description
- Target Date
- Status

Step 3: Select Task

Employee clicks on any task to update details.

Step 4: Update Status

Employee updates:

- Status (Complete / Incomplete / On Hold)
- Expected Completion Date (if incomplete or delayed)
- Reason for Delay (mandatory if delayed)

Step 5: Submit Update

System updates task record in real-time.

6. Employee Dashboard Flow

A. Task Status Summary(count) (Labels)

- Timely Completed
- Delayed Completed
- Pending Tasks

B. On Click of Any Label

Detailed task list populates with:

- S. No
- Assigned By
- Assign Date
- Task Description
- Target Date
- Status

C. Task Update Panel

Employee can:

- Change Status
- Update Expected Completion Date
- Enter Delay Reason

7. Assigner Dashboard Flow

A. Employee Performance Summary

List showing:

- Employee Name
- Count of Timely Completed Tasks
- Count of Delayed Completed Tasks
